FOR IMMEDIATE RELEASE

NEW SYNCHRONIZED SKATING PROGRAM AT ARCTIC EDGE

CANTON, MI – It is with great pleasure and excitement that we announce the formation of a new synchronized figure skating program in southeast Michigan, **Arctic Edge Unity**. This progressive athletic organization is based out of the Arctic Edge ice arena in Canton, Michigan, and competing teams will represent the Arctic Figure Skating Club.

Arctic Edge Unity will be led by Program Director and Head Coach Erin Cullen. As a former Team USA competitor, ISU World Synchronized Skating medallist, and collegiate competitor for Michigan State University, Cullen brings with her a wealth of experience from all levels of the sport. Upon the conclusion of her competitive career, she served as a coach and consultant for nationally ranked and varsity college programs, including Team USA teams at the junior and senior levels.

“I am so excited to bring synchronized skating to Canton. Arctic Edge is synonymous with quality ice sports programs, from a successful figure skating club and hockey school to a well-known training hub for National, World and Olympic athletes. I am truly thrilled to become part of such a constructive and athletic environment and look forward to bringing synchro into the fold,” said Cullen.

Arctic Edge Unity synchronized skating teams will be hosting a general informational session for all interested skaters and families on Tuesday, May 24 at 6 p.m. and will also be hosting on-ice synchronized skating clinic in early June. Both events will take place at the Arctic Edge of Canton.
